Santos is renowned as the historic heartland
Cultivated at elevations ranging from 800 to 1
coffee cherries benefit from rich, nutrient-dense volcanic soil and ideal microclimates
that combine warm sun exposure with cool ni
Our master roasters employ a medium drum-roasting profile specifically calibrated to caramelize sucrose compounds while preserving delicate organic acids. This results in an exceptionally versatile bean that shines equally well in drip coffee makers, pour-over cones, and automated espresso machines.
Free shipping on orders over $35
Freshness guaranteed or your roast replaced
Post-harvest processing utilizes traditional patio-drying methods where cherries are turned regularly under the warm sun to achieve uniform moisture distribution. This careful post-harvest handling locks in the distinctive chocolate and caramel profile beloved by espresso enthusiasts worldwide.
